McPhail elected to RNC's second highest position

BY ELLIS C. CUEVAS

Diamondhead resident Evelyn McPhail was unanimously elected co-chairman of the Republican National Committee (RNC) at the RNC's annual winter meeting in Washington, D.C.

McPhail's election means Mississippians now hold both of the top two positions in the National Republican Party. Yazoo City native Haley Barbour was re-elected chairman of the RNC at the meeting held in January. This marks the first time both senior posts have been held by residents of the same state.

The RNC is the party's 166-member governing body, consisting of a national committeeman, a national committeewoman and the state party

Evelyn McPhail

chairman from each state.

An elated Hancock County Republican chairman, Nell Frisbie, of Kiln, who attended the RNC's annual meeting

said, "I am just delighted that the National Committee saw the wisdom to elect Evelyn, who has the leadership, drive and knowledge to assist in moving the party forward in its conservative ideals."

"Hancock County can be proud of Evelyn, because she started her political endeavors at the grass roots level at home. It is also encouraging for young people who have political goals to know, with hard work and determination, those goals can be reached," Frisbie added.

Frisbie continued, "McPhail did not come from a political or wealthy background. She worked for what she believed in to become what she is today."

Casinos plan for hurricanes

BY MARY G. SEILEY

Hancock County's two casinos fared better than most Wednesday in a hurricane preparedness session before the state Gaming Commission.

The meeting was prefaced by a warning from Harrison County Civil Defense Director Wade Guice that officials anticipate a very active hurricane season this year.

Guice said noted meteorologist William Gray is predicting a total of eight hurricanes during the season, with three falling in the most severe categories.

"That does not mean we will take a hit on the Coast," said Guice. But it does mean the

odds of such a hit are enhanced, he added.

The Gaming Commission is requiring that all casinos which aren't self-propelled be able to withstand winds of up to 155 miles per hour and a tidal surge of 15 feet.

During a Wednesday meeting at Casino Magic in Bay St. Louis, casino operators were required to report where they stand with meeting that requirement.

Jubilee Casino's John Turner, vice president for administration, said his casino's barge was designed and constructed with moorings to meet the new standards.

Few others could say the

same.

Casino Magic's Bay St. Louis barge could withstand a tidal surge of 17 feet, said Greg Bradley, director of budgeting and analysis. But, he added, additional pilings are needed to make the local barge stay put in 155 mph winds.

Officials have long said the local Casino Magic barge has a high degree of natural protection, however, as it floats in a cove off the Bay of St. Louis.

Much of Bradley's presentation concerned Casino Magic's barge in Biloxi—he said officials had held "endless meetings" trying to find an "optimal

HMC sues Jubilee Casino

BY MARY G. SEILEY

Attorneys for Hancock Medical Center and Jubilee Casino meet Friday to discuss a lawsuit claiming the casino owes HMC over \$306,400.

The money is a total said due to HMC as of Jan. 17 from the casino for treatment of Jubilee employees.

Jubilee officials said there has been confusion over some claims because either the doctors, the hospital or employees failed to supply adequate information. Some of the money

HMC wants from Jubilee may be owed by employees as part of their deductibles, according to the casino.

But HMC's administrator said claims virtually have not been paid since May. The hospital has asked Jubilee employees to make other arrangements for payment since June or July for non-emergency visits, said the administrator, Don Henderson.

Jubilee has a health plan through HMC covering 497 full-time employees.

John Kingsbury, Jubilee's vice president of finance, said the casino is trying to gather information on the claims, "to determine which ones are ours and which ones may be someone else's."

Kingsbury said a meeting was held in November with HMC officials to seek a resolution to the claim dispute. Meanwhile, Jubilee has continued to make regular payments, he said, although the payments haven't been made as quickly as he would like.

Care center will remember Murtagh

BY SHARON K SAUCIER

She raised eight children of her own, then began working in the community with young children through the Hancock County Child Development Center, for 18 years.

Beryl Murtagh, known affectionately as "Murtagh", will be leaving her job, but the many lives she has touched throughout her tenure with the center will always remember the lov-

ing care she provided them and their children.

Murtagh came to the center in 1977, when it began, and she has stayed in touch with many of the children that she cared for. Special presents at Christmas or just checking up on them, Murtagh wanted to know what became of her special little ones.

Murals to grace Bay building sides

BY MARY G. SEILEY
Talk about painting the town!

A newly-formed civic group is poised to launch a major project will change the face—or sides—of Bay St. Louis.

The project, involving lots of volunteers and multiple buckets of paint, will decorate the now-barren exterior walls of several downtown buildings with murals.

It's the maiden voyage of the

Bay St. Louis Development Foundation, whose leaders are promising an all-out effort to see the project through to a speedy conclusion.

A 3 p.m. meeting has been set for Sunday at City Hall Annex on Court Street for anyone interested in participating. While artists and aspiring artists are particularly invited to the session, anyone who'd

Bayside fatality ruled accidental

BY SHARON K SAUCIER

Investigators with the Hancock County Sheriff's Department have determined that the death of a Bayside Park man Friday night was accidental and no charges will be filed.

Investigator George Burleson said that Ronald Battaglia, 37, 6127 E. Newton, Bayside Park, was riding his bicycle when he was struck by a vehicle driven by a 17-year-old Bayside Park youth.

The accident occurred about 11 p.m. Saturday near the intersection of Hancock Drive and Choctaw Street in Bayside Park. "Mobile Medic transported Battaglia to Hancock Medical where he was pronounced dead," Burleson said.

A traffic ticket was issued to the youth at the scene by Hancock County Sheriff's Department Staff Sgt. Albert Biehl who responded to the call.

Poster for sale

Mayor Eddie Favre accepts a signed, numbered poster from local artist Alice Moseley. City officials are selling the posters, depicting an Amtrak passenger train at a revitalized depot, for \$50 each. Revenues from the sale go into a new "depot maintenance fund," which will be used for upkeep expenses once the depot restoration project is complete. Each of the 250 posters on sale at City Hall is numbered and signed.

JOBY NECAICE

May 18, 1973-Feb. 1, 1990
 It's been five long years, and we're wishing there could be a better way of showing the heartfelt loss of "Joby," the one we love so dearly.

There were so many goals that only time could have fulfilled.

Joby's dreams are always remembered in our lives, even still.

We're glad to remember the pleasure that you brought.

Joby's life will forever be with us, if only in our heart.

Memories grow more precious as when you had to part, but will remain forever blooming in the gardens of our hearts.

This message only repeats what's true on any day.

You're thought about with far more love than these few words can say.

We love and miss you, Family

Seymour announces for District 4 supervisor

Steve E. Seymour
Steve E. Seymour announces his candidacy for the position of Hancock County supervisor, District 4, in the Democratic primary.

Seymour, 32, of Kiln, is the son of Wilmer E. and Mary F.

Ladner Seymour of Bay St. Louis. He is married to the former Beth Burrell of Gautier. They have two children, Summer and Hunter.

Our Lady of the Gulf Catholic Church, the Chamber of Commerce, the Italian Society, the National Heart Association, the Mississippi Special Olympics, the National Arbor Day Foundation, the Hancock County and Mississippi Cattlemen's Association and the Gulf Coast Sportsman Association are some of the many organization of which Seymour is an active member. He is also a former member of the Bay-Waveland Jaycees.

A 1981 graduate of Bay High School, Seymour attended Pearl River Community College for two years and played quarterback for the Pearl River Wildcat football team.

Seymour is currently employed by Alcan Cable Corporation of Bay St. Louis and is also a member of the private business sector.

"If elected, my goal is to ensure the needs of the people of the district and county are being met through personal contact and communication."

"Hancock County has grown immensely over the past four years and I would like to further the development and growth of this county through communication and cooperation."

"I feel this is essential for the continued growth and enrichment of our community. I would also like to continue to promote the advancement of education in Hancock County."

"I feel it is extremely important that if the young people of Hancock County choose to stay 'home' and work within their community, they should be given the best education possible and the opportunity to do so. This can happen with economic growth."

"I also would like for the citizens of Hancock County to strive together to make our community the cleanest, most attractive community possible. I will do my part to see that the improvements in District 4 and this community are maintained, repaired and kept up with accordingly."

"It will be up to the leaders and citizens of this county to pull together to make this community truly 'a place apart.' I am ready to lead this county down the road to excellence."

Depreo announces for supervisor

David W. Depreo

David W. Depreo of Diamondhead announces he is seeking office of Board of Supervisors for District 5. He will be running in the August Republican primary. Depreo is a native of Hancock County and a lifelong Coast resident.

Depreo graduated from St. Stanislaus in 1975. At St. Stanislaus he participated in sports and Student Council. Upon graduation, Depreo enlisted in the U.S. Navy. His tenure included a Mediterranean deployment, several NATO operations and numerous East Coast cruises. He received an honorable discharge in 1981.

After serving on active duty, Depreo attended Pearl River Community College and the University of Southern Mississippi. At Pearl River he played on a football scholarship. He was elected team co-captain by his fellow players. Depreo graduated from USM in May of 1984 with a bachelor of science degree in business administration.

His work experience consist of five years with the federal government and eight combined years of sales in both electronics and automobiles. With the federal government Depreo worked in accounting, floor supervisor and mail processing. His sales experience comes from Take One Video in Bay St. Louis and his present employment with DeRussy Motors in Bay St. Louis.

He is presently a top sales associate at DeRussy Motors. Depreo served as both secretary and treasurer of the Henderson Point Civic Association. Serving as a volunteer firefighter, he was appointed as county commissioner for the Henderson Point Fire District.

Depreo and his wife Nancy have one child, a daughter, April, 7. They are presently expecting their second child in May.

His parents are Eido Depreo and Louise Depreo, both from Hancock County. Both parents worked as public servants. His father retiring from the Mississippi State Tax Commission and is a former chief deputy of Hancock County. His mother is a retired registered nurse.

David's wife Nancy is the youngest daughter of Mr. and Mrs. Patrick Toomey Sr. of Waveland.

Depreo's main interest as supervisor is to prepare Hancock County to move into the 21st century. He hopes to maintain the traditional lifestyles, values and way of life of the 20th century. He looks to fine-tune the unit system so that it can become both effective and efficient.

His sales experience will be beneficial toward recruiting new industry.

He states that we cannot rely solely on casinos to stabilize our economy. Depreo says this is his home, proud of it, and wants to see the county prosper in the future.

"She will be missed. She is a wonderful person. Many people brought their children here because she was here and they knew she would take good care of them," said Hancock County Child Development Center Director Laura Mederos.

Murtagh took care of infants to 2-year-olds. Watching her play with the children and the loving look in her eye, her dedication to the children and the center is evident.

A reception will be held in her honor from 2-4 p.m. Saturday at the Senior Citizen Center cafeteria located at 310 Old Spanish Trail in the former Valena C. Jones building.

The public is urged to attend, especially former students and parents of Murtagh's.

"She is wonderful. It won't be the same here without her," Mederos said.

Murtagh said that although she won't be working anymore she will continue to stay busy and wants to do volunteer work for her church.

"CUEVAS" QUOTES

By Ellis C. Cuevas

It is always great when someone we know from Hancock County is selected or elected to a very high position.

This week I received good news about a good friend who was elected to a very high position.

Congratulations are in order for Diamondhead resident Evelyn McPhail upon being elected co-chairman of the Republican National Committee. Worth mentioning also is the fact that she was unanimously elected to the position.

McPhail is no stranger in Republican circles, as she has served in local, state and national positions.

She started her move in a political career as a Mississippi Republican National Committee-woman, then she was elected executive director of the Mississippi Republican Party from 1987 until 1993.

Prior to being elected as the co-chairman of the National Committee, Evelyn served as the party's director of political education and training.

Evelyn has many, many friends in Hancock County, and I, like all of them, are wishing her the best in her new and very important position.

Congratulations again, Evelyn. I will be looking forward to seeing you on your next visit home.

An American Red Cross Blood Drive will be held on Saturday from 11 a.m. to 2 p.m. at Kmart, Choctaw Plaza, Highway 90, Waveland.

All reports I have seen in recent months indicate there is an extreme shortage of blood.

The blood drawing at Kmart is for any person able to donate a unit of blood, according to store manager Paul McElveen.

McElveen said there will also be free hot dogs and drinks for donors, compliments of the store.

Kmart in Waveland started blood drives once a year several years ago and since is now having one every three months.

So, if you are able to donate a unit of blood, don't forget Saturday, 11 a.m. to 2 p.m. at Kmart, Waveland.

THE PEOPLE'S BUSINESS

A Weekly Editorial
From Mississippi Economic Council

Mississippi is climbing the wrong list

Using the most recent data from the U.S. Census Bureau, the Associated Press reports that from 1992 to 1993 Mississippi moved from 24th to 12th in state rankings for the amount of taxes collected per \$1,000 in personal income.

Personal income is all wages, salaries, farm income, dividends, interest and rents earned.

Put another way, state taxes equaled \$81.20 for each \$1,000 in personal income, up almost \$10 from 1992.

The report said that during the same period Mississippi also rose from fifth to fourth in general sales taxes collected for every \$1,000 in personal income earned. Other states on the average collect \$22.45 per \$1,000 earned, but Mississippi collected \$38.49 for every \$1,000 earned by its citizens in 1993.

But from listening to the constant clamoring of government asking for more and more money, one would think Mississippi tax collections are moving down and that there is a shortage of revenues.

The problem is obviously not revenues, but expenditures. As government waste has increased over the years, so has the need for more revenues and, consequently, taxes.

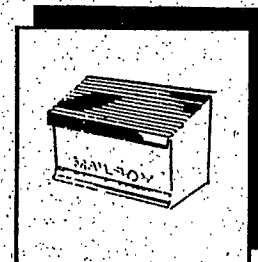

Why does the Mississippi Economic Council care?

Because the higher Mississippi climbs the tax list, the further it moves down on the prospect lists of companies considering the state for development.

LETTERS TO THE EDITOR

Child nutrition program needs to be eliminated from welfare reform bill

Dear Editor:

This month, the U.S. House of Representatives is expected to begin consideration of the "Personal Responsibility Act" (PRA). The welfare reform section of the "Contract With America," PRA would combine ten federal nutrition programs into "block grants" that would be given directly to states and shift responsibility for America's poor from the federal government to states. The potential negative impacts of block granting child nutrition programs as proposed are staggering.

As food service directors for the Bay-Waveland Schools and the Hancock County Schools, we are opposed to attempts to use PRA to lump funding for education programs like the National School Lunch and Breakfast Programs together with welfare block grants. Child nutrition programs are not, and have never been, welfare programs.

Established in 1946, the National School Lunch Act was created by lawmakers concerned about young American men's health and readiness in time of war. Today the program is designed to help keep all of America's children healthy and ready to learn by providing nutritious meals to children of all ages and income groups.

If the legislation is enacted in its current form, the American School Food Service Association estimates that roughly ten million children could be dropped from the program — either because school administrators find the program is too expensive to be run on a local level, or because children can no longer afford the higher-priced meals likely to be a result of the legislation. Ironically, the PRA, which aims to increase local

flexibility, adds more paperwork burden to local school lunch and breakfast programs.

Even more troublesome, federal funding levels under PRA are capped, with no guaranteed allocation beyond 1996. This means that even children who are eligible to receive free or reduced priced lunches under the new rules may still have to be turned away if state funds run out. What's more, PRA sets no dietary guidelines and provides for no minimal nutrition standards.

And, while the proposed cuts in child nutrition programs will save the federal government less than 0.1 percent of total federal spending from 1996-1999, the impact on America's school children will be enormous. Studies show that children who suffer from hunger — more than 12 million in America — are more often sick, absent from school and have a much harder time concentrating in class.

Never in the history of the nutrition programs, established in 1946, has such potentially dangerous legislation been proposed. The American people may want welfare reform, but surely not at the expense of our children's health and education.

We strongly urge lawmakers to completely eliminate child nutrition program block grants from the welfare reform bill. Child nutrition programs are not welfare programs. They are education support programs aimed at building healthy children, ready to learn.

Respectfully submitted,

Reader feels organization needed to address gangs

Dear Editor,

Upon reading one of "Cuevas' Quotes" in the Jan. 26 edition of The Sea Coast Echo, I was prompted to call Mr. Cuevas and voice my concern regarding gangs in our community.

Although I'm not part of a structured organization at this time, I submit the challenge of forming a group to assist our area teenagers and their parents, to any caring person, club, church or group to come forward to assist in this much needed work.

It has been my experience that young, vulnerable people do not have a need for a "gang-family" if they can get their basic needs met by their "natural" or "extended" family. There are exceptions sometimes, but for the most part this is true.

Perhaps we need school-based programs to address this

situation, perhaps we need church programs or political programs, but whatever the circumstances, our young people are hurting.

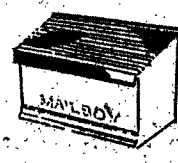

Anyone who cares has something to offer. If you have some experience dealing with youths through your own household, teaching, law enforcement, business, counseling or church ministry, etc., you can help.

Search your heart and respond in genuine concern for this much needed program. Please come forward and meet this challenge to help save a generation of youngsters very much worth saving.

Maybe Hancock County can set an example for other counties. How about it?

Sincerely

Barbara S. Zuvicich

LETTERS TO THE EDITOR

Building official cites new wetlands regulations

To the Editor:

On July 1, 1992, a new law concerning individual onsite wastewater disposal system went into effect.

This was accomplished by the Mississippi State Health Department. The Hancock County Health Department is the one that determines what type of system is approved on your property.

FEMA (Federal Emergency Management Agency) regulations are the ones that control the wetlands floodplain development permits.

It's up to the building official to follow these regulations. The office personnel are doing an outstanding job to make sure you, as a home owner, are protected by these regulations.

Each property owner who comes into the office has a different problem. Their task is to help you with your problem.

If any person would like to come by the office and see what the requirements are for their property, please do so.

Parade revelers need to bring litter bags

Mardi Gras Revelers —

Please bring your litter bags and stash your trash/recycle — post parade litter cleanup costs you big tax bucks!

Most of us look forward to Mardi Gras. It is a coastwide party and a chance to make believe. There are balls, parades, beads, picnics, parties — and litter.

This year, South Mississippi, let's be litter wise:

— Please bring a litter bag and take your litter home — and recycle!

— Parade sponsors/cities please provide as many trash barrels as possible along parade routes.

— Parents, please help by showing your children that good citizens don't litter.

We need to remember that if we don't "pitch in," the alternative is Coast governments will have to spend thousands of your tax dollars on trash pickup.

Let's act responsibly — we can make a difference this Mardi Gras in South Mississippi — "litterly."

A Healthier Heart...

Free three-part series at Hancock Medical features nutrition, fitness

Special to the Echo

The key to maintaining a healthy heart is often in a patient's own hands.

It may be incorporating exercise into a daily routine, lowering consumption of fat and cholesterol-laden foods or eliminating cigarettes. It may be a combination of diet and exercise, or it may be managing stress.

Hancock Medical Center will offer a free three-part community education series on identifying risk factors for heart disease and diet and fitness tips for maintaining good health.

On Thursday, Feb. 9, James Crittenden, MD, internal medicine and non-invasive cardiology, presents "Are You at Risk? Risk Factors of Heart Disease."

HMC dietician Dale Belham will discuss the importance of diet in the prevention and control of coronary problems in "Eating Smart," the topic of her Feb. 16 presentation.

Belham will explain how recipes can be modified to comply with a reduced fat/calorie intake, as well as how to read food labels.

"We will review the three key factors of a healthy diet, including avoiding cholesterol-rich foods, modifying the type of fat used and limiting the total fat consumption to no more than 30 percent of calories consumed," she said.

While the current trend in dieting is to count fat grams, Belham emphasizes that some no-fat food products are high in calories. A successful nutrition program combines fat and calorie reduction.

As a simple explanation, she said a half cup of green beans has zero fat grams and 25 calories. Adding two teaspoons of margarine ups the calorie content to 115 and the fat grams to 10.

"We will also examine the role that fat grams play in the reduction of cholesterol," said Belham. "The American Cancer Institute also recommends a low-fat diet to prevent certain types of cancer."

The following recipe is a low-fat variation of a winter favorite:

CHICKEN POT PIE

6 boneless chicken breasts skin removed
2 cans Lite Veg-All, drained
1 can Lite Cream of Chicken Soup
2 cups chicken broth
2 tsp. corn starch
1 cup skim milk
1 heaping cup self-rising flour

Boil chicken breasts in water until done and cut into bite-size pieces. Save two cups of the broth. Spray baking dish with non-stick spray. Mix together Veg-All, soup, broth, corn starch and chicken. Pour into baking dish.

Stir milk and flour to combine and pour mixture over chicken. Do not mix. Bake for one hour at 350 degrees. Makes six servings. Each serving provides approximately 325 calories and 8 grams of fat.

On Feb. 23 the physical therapy department will present a program on "Being Active for a Healthy Heart."

Included will be guidelines for an individualized exercise routine; suggested time frames and types of exercise; and measures to take to prevent injury in a new exercise program.

Each of the three programs will begin at 7 p.m. in the Hancock Medical Center classroom. Refreshments will be provided, and space is limited. Call 467-9081, ext. 2202 for a reservations.

The group also is seeking donations of materials from area businesses.

The foundation is a non-profit group that recently signed a contract with the city to spearhead local development and improvement efforts.

Its leaders already have lined up commitments from several property owners to allow sides of their buildings to become "canvas" in the painting project. And they have a commitment from the sheriff for prisoner volunteers to prime the building surfaces before the murals are painted.

Some of the things on the "needs list" are: reins, griths, special riding helmets, saddles and pads, etc. Most needed is a

Jimmy Loiacano, a city staffer assisting the foundation,

said firm commitments from owners of several Beach Boulevard buildings have been obtained, including the old movie theater, the former Sea Coast Echo building, Trapani Eatery and Tortilla Bay.

On Main Street, the group has permission to include the Stamms building, Paper Moon, Jeromes, Serenity, and the county's purchasing and tax assessor's offices.

Those structures are envisioned as phase one of the project, although foundation leaders still are seeking commitment from additional property

solution" for securing that barge in the event of a hurricane.

By the end of April, the commission was told, the new anchoring system should be in place, meeting the commission's deadline.

Officials said that work would be done first, followed by additional pile driving at the Bay St. Louis Casino.

Representatives of other casinos were not as far along in their planning, and some appeared unaware of a May 1 commission deadline for designing the mooring systems.

Grand Casino officials said they were studying the possibility of "scuttling" their massive barges in place during hurricanes, by sinking the vessels

several feet to the Sound bottom.

Civil engineer Bill Mitchell said he didn't have details from the casinos' structural engineer to present. But Mitchell said the design indicates Grand Casinos' superstructures were built to withstand 110 mph winds. At that point, windows and walls of the superstructure would fail, the commission was told.

That failure would lessen the pressure on the barges, Mitchell said, enabling them to stay put in 155 mph winds.

Commission members clearly weren't happy with the assumption that the superstructure would tear apart at 110 mph, allowing the barges to remain in place. They asked for more details.

In another case, Lady Luck casino's general counsel, Wilson Carroll, said that casino complies with the 15-foot tidal surge rule, but falls short with a 125-mph tolerance. Carroll said he wanted to listen to Wednesday's presentations from other casinos to get ideas on options for meeting the mooring standards.

Len Krick, a senior vice president of Casino Magic, participated as a "private citizen" during an open comment period after the presentations. He said some of the plans aired Wednesday "leave a lot to be desired...in terms of details."

Krick said casino officials should consider how long it takes to scuttle a barge by filling it with water, and the need to begin such a project in a storm's early advances.

A Category 2 hurricane could be headed for Panama City, he said, and quickly develop into a Category 4 hurricane and head for the Mississippi Gulf Coast.

McPhail

Continued from Page 1A

Of her new role, McPhail said, "I look forward to a productive partnership with Haley Barbour and the committee members as we work together to assure strong Republican leadership throughout our nation."

McPhail's Mississippi roots grow deep. She is a member of the March of Dimes Board of Mississippi and serves on the Board of Palmer Home for Children in Columbus, where she grew up.

She and her late husband, John McPhail, raised three children in Bay St. Louis, and she continues to make her home in Diamondhead. Her children and four grandchildren also live in Mississippi.

As co-chairman, McPhail is the liaison with the RNC auxiliaries, Republican organizations affiliated with the national committee, and coordinates the committee's outreach efforts.

She continues to oversee political education and training and has indicated that political education will be an important component of her office's outreach activities.

McPhail will also play a key role in helping states prepare for elections held this year and rebuild toward the 1996 election cycle.

McPhail for the past two years has been the director of political education and training at the Republican National Committee, responsible for the training of party activities and candidates in all 50 states.

She was chairman and executive director of the Mississippi Republican Party from 1987 until 1993, when she resigned to accept the RNC appointment. Prior to her election as state party chairman she represented Mississippi as Republican National Committeewoman.

During McPhail's tenure as state chairman, Mississippi elected its first Republican Governor and Lieutenant Governor in 118 years and led all states in the number of elected Democrats who switched to the Republican Party.

Chosen as chairman of the Southern Republican State Chairmen in 1989, McPhail was elevated to chairman of all State Republican Chairmen in 1991 and held that post until her resignation in 1993. She has been a member of the Mississippi Republican Executive Committee since 1979 and served as first vice-president of the Mississippi Federation of Republican Women.

She was a delegate to the Republican National Convention in 1984, 1988 and 1992 and served as the Mississippi delegation's chairman in 1988.

President Reagan appointed her as a member of his Commission on Presidential Scholars in 1982, and she was appointed to the Commission again by President Bush in 1989.

W.W. Webre, of Bay St. Louis, former original chairman of the Hancock County Republican Committee said, "I was very pleased to hear about Evelyn's elevation to the position of co-chairman of the RNC."

During her course of service to the Republican Party in Hancock County, she has been very diligent in her efforts to build the party. She has also made great contributions to bringing women into the party.

"I wish her all the success in the world, as she continues to work on a national level with the party," Webre added.

Rev. Charles Johnson said, "You cannot say enough good things about Evelyn. She is not only a great person, she also is one of the most knowledgeable Republicans in the state of Mississippi and possibly in the nation."

Webre along with the Rev. Johnson and the late Kenneth Whitfield, were effective in forming the Republican Party in Hancock County.

Rev. Johnson stated, "I can recall when Barry Goldwater was the Republican speaker at the first in modern times state convention in Jackson, as I had the honor of giving the invocation."

In addition to her political activities, McPhail is an experienced businesswoman. She is the former general manager of the Fairway Villa Resort in Diamondhead and was director of community services for the Diamondhead Corporation. A real estate agent by trade, she has been extensively involved in business endeavors on the Mississippi Gulf Coast.

Others from Hancock County attending the Republican National Committee meeting, along with Frisbie included, Paul Montjoy, Faith Koger and Kay Gex.

'Neil Diamond' bids farewell

Gulf Coast favorite Barry Cunningham, known to locals through his appearances as "Neil Diamond" with Palace Casino's American Superstars show, bids farewell to the Mississippi Gulf Coast this Sunday.

Popular with both audiences and reviewers, Cunningham was with the original Biloxi production of the American Superstars when the show opened at Palace Casino in April of 1994.

In addition to his appearances with American Superstars, Cunningham has appeared at numerous local functions, including Palace Casino's popular "Senior Celebrations" hosted by "Miss Mary" Lofton. Cunningham's last Biloxi appearance will be Sunday, Feb. 5.

Cunningham will be replaced in the American Superstars lineup by Rus Hedrick, who performs a tribute to Charlie Daniels.

THIS IS THE MONTH

Mardi Gras and fun are right around the corner on Tuesday, Feb. 28. Are your costumes ready?

On Saturday, Feb. 11, the Diamondhead Boaters Association will present their Majesties King Harold Turner and his Queen Terri Downie.

The Krewe of Diamondhead's ball is on Feb. 18 when King Henry Kibler and Queen Lou Lamendola will reign.

Both of these events will be at our own Diamondhead Country Club. The celebration continues Saturday, Feb. 25 — everyone loves a parade. The theme this year is "Festivals of the World."

All are welcome to participate. To enter and find out the particulars, please call Chris Arnos at 255-7291.

HELP!

The Diamondhead Garden Club is in dire need of a golf cart so they can participate in the parade on Feb. 25. The cart will

be needed one week before to be decorated.

Someone out there, please don't let these gals down. Call Cathy McFaul, 255-7454, Gerri Garberg, 255-7097, or Phyllis Yates, 255-9242.

DINNER THEATER

The Diamondhead Players' next production will be "Nite Court," an original fun-musical by Rene Duffour.

Auditions were held at the country club Tuesday, Jan. 24, and the three performances are scheduled for May with a matinee on Sunday.

Sponsorship for this group is \$5 per year, and donations are certainly welcome.

Please call Doris Gendusa, 255-7413, for information. The Players say theater is alive and well in Diamondhead.

'REHAB YOUR BOD'

Ginger Beard, physical therapist with Rehab One Inc. at Shepherd Square, will be guest speaker and tell us how to do this at the next AARP meeting Tuesday, Feb. 7 at 3 p.m. at the community center. Bring a friend and be informed.

REACH OUT

Volunteers are needed for a telephone reassurance program to call and check on shut-ins at least once a week, and send birthday and greeting cards. Just imagine how much this kindness will mean to a special someone.

Please call Penny Bishop with Professional Home Health Care at 1-800-273-5212 to offer your help.

THOUGHTS TO SHARE

Friendship is a special bond so fragile yet so strong. It's nurtured by our deeds and thoughts, and soothes when things go wrong.

Friendship is companionship, the joy of sharing fun, of bridge games, golf, and notes we send that keeps us on the run.

Friendship also shares the times when sorrows come our way. To have dear friends who really care, makes "gray days" much less gray.

Friendship never can be owned, or chained or bought, or sold. It's a special freely-given gift to treasure and to hold.

Friendship is a lovely gift, a special gift from God, to bring us happy memories as life's long

path we tread.

Give your 'friendship' to a special one, and have a great week.

SUPERVISOR DISTRICT #3 • HANCOCK COUNTY REPUBLICAN DONIVAN "CARL" CUEVAS

"One resident of Hancock County who is willing to stand up and be heard this election ... for the safety of our water supply ... and the future of your children and grandchildren, living in Diamondhead, Kiln, Fenton, Rocky Hill, Dedeaux and southern Standard."

I'd like to introduce myself to the people of District #3. I was born in Bay St. Louis and graduated from Hancock North Central High School in 1974. I am currently self-employed, sanding and finishing hardwood floors. My business takes me from Hattiesburg through the entire Gulf Coast.

These are only proposals that require a majority rule ...

SEWER SYSTEMS & PAVED ROADS:

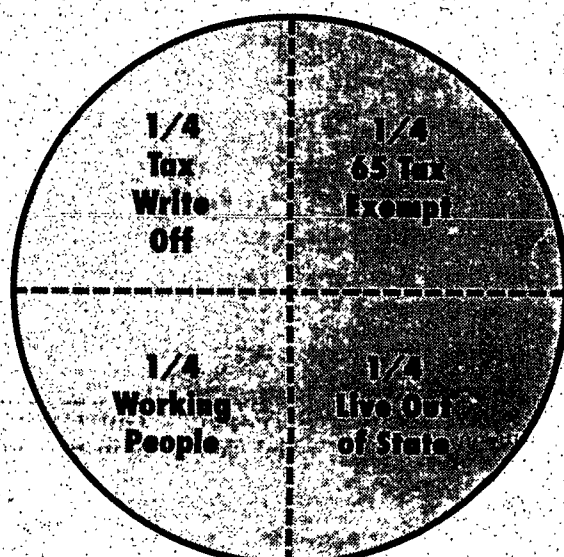

In order to eliminate these two issues, two things must be done. All elected supervisors must carefully study the county budget and then make cutbacks on all programs and convert this into the sewer and road department funds. There's always waste when there are millions of dollars involved. I can't say this can be done, but it needs to be studied for six months and then make a decision.

At this time, due to increasing costs of material, year after year, it's time for everyone to sacrifice, in order to eliminate the above.

In 1996, the county government needs to set a plan in motion that will have all roads paved in a set amount of years. Then, mail notices to the people living on the roads, that their road will be paved in a particular year and then there is no need to holler and scream anymore and they have something to look forward to.

In order to have a set number of years for paving all dirt roads in the county, the 1996 government will have to study the years

to fulfill this by studying an amount of millage increase to set for this amount of year and then have a law with this increase to be withdrawn from the millage books at the end of paying the last road. The following shows a rough idea of who would pay for this increase:

- 1/4 People - Tax Exempt
- 1/4 People - Live Out of State, but owns property here - they pay
- 1/4 People - File their's on Income Taxes
- 1/4 People - Work and Live Here - pay tax

Most people run for office and after elected, votes each year on raising taxes, but I'll tell you up front, where I'm coming from and where we're headed. Also, be advised, look ahead to future with a positive attitude. Once these roads are eliminated, look who gains in the end and starts to have surplus money, then reduce millage again.

- 1.] There's no more need for all the dump trucks.
- 2.] There's no more need for grader machines.
- 3.] There's no more need for end loaders and other equipment.
- 4.] There's no more need to buy fill dirt, clay gravel and wash gravel that's gone after each flood we have. You pay for this ... each flood, your tax dollars are washed away and we lose!
- 5.] The above also eliminates fuel bills, repair bills, tires, insurance on vehicles.

THE COUNTY SAVES MONEY!

NEW COURTHOUSE: I OPPOSE THIS! REMODEL THE ONE WE HAVE!

There are a lot of county residents living on dirt roads that are being forgotten in this county! A lot of these people have been living on these dirt roads for 15 to 45 years. It's time they be repaid for the amount of tax dollars they paid. Some paid close to \$20,000 in their life and can't drive in and out when it rains! These people need to be rewarded for this ... not a NEW courthouse!

Since the Sheriff can't patrol with radar on county roads, put up more three and four-way stop signs to slow down traffic.

In order to reduce taxes, our port and harbor needs to reach out and expose to bring more industry into the area.

ALL OF THE ABOVE NEEDS THE FULL SUPPORT OF A COUNTY GOVERNMENT ... WORKING TOGETHER!

Be it known ... what I have to say from here on takes ONE Supervisor, or ONE person willing to stand up and bring out of the dark ... to be put in the light ... so the people can decide their future and their children's and grandchildren's futures in Hancock County ...

- 1.] Replace current engineering firm.
- 2.] Withdraw from the solid waste landfill at Standard.
- 3.] Close down the rubbish landfill at Standard.

Taxpayers and residents of Hancock County, DON'T go jumping on our county government in a hostile manner about this issue. They are only everyday common residents of this county, the same as you and I. It takes years to learn about landfills, it's just that they have been MISGUIDED and MISLED into the wrong direction of this matter by an out-of-county firm and should have had a second opinion on this issue from another firm. The needs of a county can't jeopardize the lives and future lives of children in these areas. As Supervisor of District #3, I stand on all three issues and oppose all three on above. SOMEONE must be heard to protect our water supply for the future. It appears that no one now cares about this issue.

This solid waste landfill began in 1988 under the previous administration, dated 3/22/89, drill work was done in 1988, then filed in Jackson July to Fall of 1989. Permitted first part of 1990 for one reason, a moratorium was being passed to stop all landfills. A sum of 24 holes were drilled on 100 acres of land, in which states on page 4 of the Landfill Book, Holes B-2, B-3 & 3-4? a SIGNIFICANT amount of clay was not encountered, "BUT" forgets to also mention B-3, 6, 12, 14, 19, 20 & 23 was not SIGNIFICANT, also. However, in this same book, on page 5, it tells of limited data. Someone was being paid to do 100% of the work on a 100-acre site, which has to protect the water supply for the next several 100 years, BUT DIDN'T ... WHY?

If anyone knows what I know about landfills, the geologist's work was poorly done and cannot protect the water supplies of these communities. Go, get copies of this book and study this material for yourself! It's FREE at the courthouse.

Out of about 24 holes drilled on the 100 acres, 10 holes are bad, 14 good and some just barely making acceptance. Here, we have 14 holes with clay that covers 100 ACRES where it should have been at least 40 holes drilled. WAKE UP, HANCOCK COUNTY, AND SEE THE FUTURE!

Here is a rough cost for this 100-acre landfill, which you never heard your county government ever mention price. I figured with the drill depth varying

over the 100 acres and for dirt to be moved 3 feet deep to 18 feet throughout: 10,000 yds. per acre multiplied by 100 acres equals 1,000,000 yds. with a plus!

Plus over 1/3 of this has to have clay at 1x10-7 dug up and moved to locations that don't have any, plus sides have to have 5 feet of this clay. Plus he hasn't done enough drill work to prove there's enough clay available. Bottom and sides need 70,000 to 100,000 yds. of clay at 1x10-7, since these laws of 1989, new laws call for a liner, which, in 1989, cost 32¢ a square foot.

32 x 435.60	13,939.20	per acre x 100 acres =	1,393,920.00
1,000,000 yds. dirt	100,000 yds. clay	PLUS Liner	13,939.20
x 5.00	x 15.00	x 100	
5,000,000	1,500,000		1,393,920.00

Other costs: Leachate systems, engineer fees, equipment, all clay, redrill, lab tests again, plus other changes in laws, over \$10,000,000 just to build. Also the wetlands are a big cost. This 100-acre landfill was poorly designed and is a serious threat to your grandchildren's future.

Concerning the rubbish landfill, I propose to close down Standard. There has been and still is, too much illegal material thrown out with trash and is buried. THIS ACTIVITY WILL NOT STOP! How many residents, such as myself, have been there and saw oil bottles, paint cans and buckets, glue cans, household garbage items, tires and other illegal activity? All of this will bring about polluted, toxic water supplies south of here, along with disease and cancer. ALL taxpayers and future taxpayers are LIABLE for this activity. The population of this county is growing and the old ways are gone. If this water is contaminated, we, the taxpayers, have to pay the cost to clean it up, which will be millions and we'll also have to pay millions to have water piped into these areas from north Hancock County. From Sun., 1/22/95 to Thu. evening, 1/26/95, this site looked like a solid waste landfill, instead of a rubbish landfill!

No permit is needed for class 2 landfills, there's one or two dirt pits in the Kiln and Necaise Crossing, for a fee these people can charge residents to dispose of material for class 2 rubbish and refill their pits in. Then all this illegal dumping will be eliminated and residents will put this illegal material in bags for Boudin to pick up. Then, take the 100,000 plus a year county spends on this landfill and pave roads. A person shouldn't accumulate over two truckloads of trash a year. This costs less than \$20.00 a year to dump, per person, average.

As for class 1 rubbish site laws, dated 10/11/93, part 3-13-B, the law states a dumpster to be on class 1 sites, no dumpster is on site for county workers to pick this material up and put in. Also the drill work is not done for class 1 site, as of Jan. 1995 as law of Oct. 9, 1993 states and became mandatory 4/9/94, I'll be in Jackson March 6,

1995, if dumpster and drill work and monitoring wells are not done according to laws, to see WHY the M.D.E.Q. is not enforcing these laws, instead of turning their heads on this site for 8 months. The M.D.E.Q. is supposed to protect our water supply on this site. WHY is the M.D.E.Q. NOT enforcing this law? Because the rubbish site is county run!

As the residents of this county can see, the M.D.E.Q. doesn't enforce laws on this landfill for disposal at this site and by law is supposed to have a dumpster here. Drill work not done to see if site meets state requirements, it may not meet class 1 requirements. What do you think will happen when they start this 100-acre solid waste landfill? The same turn their heads and don't enforce the law to protect our water, as is happening now!

All I can say to the residents south of this landfill is to think about your next glass of water when you drink it, is it SAFE and will your children's and grandchildren's water be SAFE? Don't take my word ... go to Standard and see the ILLEGAL material for yourself, if it's not been covered up! The county can't operate and run a rubbish landfill LEGALLY and SAFELY. How are they going to build and operate this 100-acre site? Since 1992, '93, '94, '95 and until the year 2001, the supervisors could have been getting grant money from Jackson to buy a machine to cut and dispose of tires FREE to ALL county residents. Why haven't they? Instead of telling residents, "We can't take tires", this money could have paid most landfill costs for the last three years! I stand for all the above and will not go house to house and ask for votes. Protect YOUR environment or vote to destroy YOUR grandchildren's future, it's YOUR choice!

The ONLY reason I'm running for Supervisor, is to stand up and be heard concerning the landfill issue for your children's and grandchildren's future in these communities. YOUR CHILDREN'S AND GRANDCHILDREN'S FUTURES LIE IN YOUR HANDS!

For the outlook on a 20-year solid waste plan, I propose an incinerator, AFTER ALL roads are paved! You take 100 yds. of waste, burn it and haul about 6 to 10 yds. of ashes off, then design this to produce electricity with the help of U.S. Government grant money, then sell power to the power companies. It's this or the future for solid waste ... BURN IT!

Thank you for taking the time to read this.

MHP to graduate 50th Cadet Class

The Mississippi Highway Patrol has scheduled graduation ceremonies for its 50th Cadet Class at 1:30 p.m. today at the Mississippi Law Enforcement Officer's Training Academy near Pearl.

Twenty-nine new troopers are scheduled to receive their badges during the ceremony, which will feature Gov. Kirk Fordice as keynote speaker.

Col. Jay F. Clark, Mississippi Highway Patrol director, said, "During the ceremonies four graduates will receive awards recognizing their accomplishments. The recipient of each is kept secret until graduation."

"Awards will be presented to those cadets who have excelled in the categories of physical fitness, firearms and academics. The distinguished cadet award will be presented to the cadet who displays the highest potential for effective leadership and achievement."

Clark said graduation does not end close scrutiny of the new officers.

"For 14 weeks they will be assigned to a Field Training Officer, a specially trained and seasoned trooper, who will oversee their actions. At the end of what amounts to 30 weeks of training, 16 at the academy and 14 with another officer, the new troopers will begin working by themselves."

They remain on probation for one year, which is customary for state service employees.

Cadets elected as their president Ronald W. Kelley of Clinton who will respond on behalf of the class to Governor Fordice's address. Charles Edward Coleman Sr. of Foxworth, class chaplain, will give the invocation and benediction for the graduation ceremony.

Among the graduates is Trooper First Class David Murtagh of Bay St. Louis.

The public is invited to attend. The academy is located at 3791 Hwy. 468 West in Rankin County, across the Central Mississippi Correctional Facility.

Book signing

Tony Dunbar will appear at Bookends Feb. 10 at 7 p.m. for a reading and signing of his new book, *Crooked Man*. The public is invited to attend.

Bay Motor Winding hires consultant

Bay Motor Winding Inc. will collaborate with an EASA consultant, Harold A. Scherer, in order to ensure that the electrical repair facilities and skills continually meet the high standards set by EASA.

Scherer has more than 40

years of experience in the electric motor industry. The purpose of his visit is to evaluate shop processes and pinpoint those that need improvement. His expertise includes facility layout and workflow design and implementation.

Catherine Hancock joins Bay Motor Winding

Catherine Hamel Hancock has joined Bay Motor Winding Inc. as an organizational development coordinator.

Previously, Hancock worked as a marketing manager and financial systems analyst for BellSouth Telecommunications in Birmingham, Ala.

Her focus is strategic plan-

ning to identify potential growth areas and offer workable plans that will increase profit. Hancock earned a bachelor of arts degree in human resource management from Birmingham-Southern College. She is a member of the Society for Human Resource Management.

Safety seminar for commercial fishermen

The U.S. Coast Guard will be conducting a free safety seminar for commercial fishermen Friday, Feb. 3 at the J. L. Scott Marine Education Center in Biloxi. The program will run from 9 a.m. to 3 p.m. and consist of classroom instruction and "hands on" demonstrations of safety and lifesaving equipment.

Topics covered will include requirements of the Commercial Fishing Industry Vessel Safety Act, TED enforcement procedures, life raft use, port-

able pump use, emergency management procedures and vessel evacuation techniques.

A Coast Guard HH-65 helicopter, the Coast Guard Cutter Point Monroe, and a 42' utility boat will be on site for tours and inspection. This is an excellent chance for commercial fishermen to learn some skills that might one day save their lives or the lives of their crewmen.

For information or to reserve a spot contact Scott Labak in Mobile (800-880-3193) or Dave Burrage in Biloxi, 388-4710.

Bay Catholic among 'Schools You Can Believe In'

Bay Catholic Elementary counts itself among "Schools You Can Believe In" as it joins Catholic schools nationwide celebrating the benefits of Catholic education this week.

Members of the community have been invited to have lunch at Bay Catholic, designated "Community Appreciation Day," at BCE, said Myrna Jordan, principal.

During the luncheon Jordan will present the National Catholic Education Association's "Distinguished Graduate Award" to a member of the community who is a graduate of the elementary school. The recipient's name will not be released before today's presentation, according to Jordan. The luncheon is co-hosted by Our Lady Academy.

Catholic Schools Week began Sunday, and Bay Catholic has held special events all week as part of its annual observance.

Students will enjoy an afternoon of fun-filled activities tomorrow, said Jordan, as BCE marks Student Appreciation Day.

Other festivities during the week at Bay Catholic have included open house for visitors, especially parents of prospective students, Parent Appreciation Day and Teacher Appreciation Day.

Students penned a giant thank-you note, which hangs at the rear of the school building.

The note and a friendly "picket line demonstration" Tuesday served as a reminder to parents that CBE is grateful for all their efforts.

"We really want our parents to know how much we appreciate their support," said Jordan.

Kay Gelber, BCE second grade teacher, was recognized yesterday for 25 years of teaching during an appreciation luncheon for teachers and staff.

Gelber has taught all 25 years at Bay Catholic, said Jordan. The luncheon was prepared and served by parent volunteers, as other volunteers monitored classrooms.

In-house registration for students currently enrolled began Monday. Open registration for those already on waiting lists begins Monday, Feb. 20, Jordan added. Any places remaining will be filled after that period.

Additional information about Catholic Schools Week or registration can be obtained from the school office, 467-5158.

Wal-Mart to give scholarship

Officials of the Waveland Wal-Mart store have announced a \$1,000 Wal-Mart Foundation community scholarship will be presented this spring to an area high school student.

The Wal-Mart scholarship is payable over a one-year period and awarded to a college- or university-bound student. Scholarship criteria will be based on the individual student's academic achievements, extra-curricular and work activities, as well as financial need.

Store manager Darlene Gaudin said, "We are very proud to offer this annual scholarship to a deserving area student on behalf of our store and the company. This is one of many efforts

by Wal-Mart Stores Inc. to support education and enhance the opportunities of our area youth as well as contribute to the quality of life in the communities we serve."

The team of judges, consisting of area business and community leaders, will be formed to evaluate the applications and conduct student interviews before making final selection. Interested students may obtain applications from their school counselor or administrative office.

The Waveland Wal-Mart scholarship is one of more than 2,000 scholarships totaling over \$2 million being given by the Bentonville, Arkansas-based retail chain throughout its 49-state trade territory.

SSC's Montelaro honored by Gulfport Kiwanis Club

St. Stanislaus College Prep senior Jody Montelaro was recently honored as the outstanding Senior of the Week by the Gulfport Kiwanis Club.

Montelaro was chosen based on his being an outstanding Key Club member, his academic excellence, his good citizenship and on his community involvement. He was honored at a luncheon by the Kiwanis Club Jan. 25 and will be considered for a scholarship sponsored by the club.

Montelaro is currently president of the Computer Club and was vice president his junior year. He has been the Key Club vice-president for two years. He is vice-president of the senior class and was class treasurer last year.

He has been a member of Stu-

USM spring enrollment up 1.6 percent

The University of Southern Mississippi's 1995 spring semester enrollment at its Hattiesburg and Gulf Coast campuses has jumped 1.6 percent in comparison with a year ago, officials said.

Final, official figures for the 1995 spring semester showed 10,883 students enrolled on the Hattiesburg campus, compared with 10,746 in 1994 — or an increase of 137 students this spring.

At USM-Gulf Coast — which operates centers in Long Beach, Gautier and Keesler Air Force Base — the 1995 spring enrollment is 1,481 compared to 1,422 in 1994 — or an increase of 59 students this spring.

The combined USM spring enrollment this year totals 12,364 compared with 12,168 a year ago — up 196 students this spring, or a 1.6 percent increase over the previous year.

MSU to welcome future students

Several thousand high school and community college students from around the region are expected Feb. 17 for Mississippi State University's spring semester "Discovery" program.

Registration will begin at 8 a.m. in the second-floor lobby of the Colvard Union.

Prospective students can pick up information about admissions, housing, financial aid, campus organizations and activities, and other topics during registration. Following a 9:30 a.m. general assembly program in Lee Hall Auditorium, they will be free to visit with representatives from their anticipated academic major.

For complete information on "Discovery," call (601) 324-3076.

OLA beats Bay High in championship game

BY JOSEPH W. GEX II

The Our Lady Academy Crescents and the Bay High Lady Tigers met in the finals of the girls District 8 tournament in high school soccer action on Saturday evening. The Crescents shutout the Lady Tigers 3-0 for the championship.

There were nine teams in the tourney from Bay St. Louis all the way across the Coast to George County. The teams were divided into two brackets and the semifinal participants were chosen based on a point system tallied throughout their games in the tourney.

Each team got 3 points for a win, 1 point for a tie, and 0 points for a loss. If a team got a shutout then the team was awarded 2 points. Each team also received a point for each goal scored in a game up to three goals. The total amount of points a team could get was 8 points.

The semi-final participants were OLA, Bay High, Long Beach, and Ocean Springs.

There were a total of 14 preliminary games held at two sites, the Bay High stadium and the SSC stadium.

At the Bay High field, Ocean Springs defeated Long Beach by the score of 1-0. Bay High played back to back games shutting out Resurrection 1-0 and defeating George County 4-1. Long Beach played the fourth game and battled to a 0-0 tie with Resurrection.

In the fifth game, Long Beach crushed Mercy Cross 6-0. In the sixth game, Bay High fell victim to Biloxi 1-0. The final preliminary game held at Bay High pitted Biloxi and Pascagoula. They battled to a 0-0 tie.

The first of seven preliminary games held at SSC saw OLA take on George County, with OLA winning 3-0. Nikki Krost, Marion Labat, and Leslie Esher each scored for the Crescents.

In the next game, Mercy Cross lost to Resurrection, 3-1. Ocean Springs took on Mercy Cross in the next game. The Greyhounds defeated the Crusaders 4-0.

game. The Crescents narrowly defeated the Indians 3-2. Kathryn Scafide, Nikki Krost, and Jonna Ellis all scored for OLA.

OLA played another back to back game taking on Pascagoula in the fifth game. The Crescents shutout the Panthers 2-0 with Michelle Carbin and Marion Labat scoring for the Crescents.

Ocean Springs took on Resurrection in the sixth game defeating them 2-0. In the final preliminary game held at SSC, George County took on the loser of Bracket A which was

Mercy Cross. George County defeated the Crusaders 2-0.

The semi-finals were held at Bay High stadium. The first semi-final game pitted Ocean Springs against Bay High. The Lady Tigers won the match 4-2.

In the second semi-final game, the Crescents of OLA shutout the Long Beach Bearkittens 4-0. Nikki Krost and Marion Labat each scored a goal in the win. Andie Fillingame scored two goals for OLA.

The championship game was held at SSC. The game

pitted OLA against Bay High. The battle for Coast dominance in high school girls soccer also became a showdown for Bay St. Louis.

OLA blanked Bay High 3-0 to end their regular season with a record of 14-0-2. Andie Fillingame scored the first goal for the Crescents. Kathryn Scafide scored two goals for OLA in the final game.

Coach Harry Hull commented, "We have so much talent on this squad. It is probably the best talent we have had together in a long time. These girls have played together for a long time and it shows. Their game is a beauty to watch - passing to open spaces, good corner kicks, and crisp passing. The skill level is better this year than it has ever been here."

16th-ranked Lady Wildcats have tough games ahead

The 16th-ranked Pearl River Community College Wildcats picked up two more victories this past week with easy wins over Hinds Community College and Mississippi Gulf Coast.

But the Lady Wildcats, defending South and overall state champions, have three tough games remaining. In fact, the outcome of the remaining regular season games will determine South Division Tournament standings.

The Lady Wildcats are 17-4 overall and 8-1 in the division. Co-Lin is 15-4 and 7-1, while East Central is 15-4 and 7-2 in the division.

East Central, the only division team to defeat the Lady Wildcats this year, was scheduled to play PRCC Monday in

Poplarville. Southwest is on tap at home Thursday with Co-Lin set for Monday in Wesson.

"We're winning, but we have not played that well lately," said head coach Polly Kirkland. "We must be focused to beat East Central and Co-Lin."

All-American Elaine Powell is leading the nation with a 31.4 points per game average. This past week, she scored 24 against Hinds, 41 against Pensacola, Fla. and tallied 33 against Mississippi Gulf Coast.

Against Gulf Coast, Powell hit nine of 14 from the point range, two of four three pointers and nine of 12 from the free throw line. She also had 13 rebounds and 13 assists.

Karen Powell, Elaine's sister, netted 12 against Gulf Coast

and 19 against Hinds.

"Karen has really been doing a great job," said Kirkland. "She has taken up the slack when the opposition favors Elaine too much."

The PRCC coach was also complimentary of Keisha Warren, a freshman from Foxworth. Warren came off the bench to net eight against Hinds and six in the Gulf Coast contest.

"We need quality time from Warren," said Kirkland.

Kirkland said it was important to win the next three games. "Finishing first gives us a first round bye," said Kirkland. "It means you only have to win one game to make it to the finals."

Better board play and more pep is the way Kirkland described the Lady Wildcats'

play this past week.

"We turned the ball over too much, but we played much better," Kirkland said.

The PRCC coach said she dreamed of the night when all things clicked for the Lady Wildcats. "We have the potential to explode," she said.

Kirkland was referring to individual game performances. During the year, Elaine Powell scored 51 in one contest, while Karen Powell recorded 37, Caronica Debose 29, Voloria Carpenter 17 and Alberta Travis 24 points in one game.

"Just think what would happen if all of them had a good night at the same time," Kirkland said.

The Lady Wildcats' games are broadcast live over WLUN-FM 95.3.

Rocks skin Jaguars end season at 6-2

BY JOSEPH W. GEX II

Jonathan Gagnon netted a hat trick for the second straight game as the St. Stanislaus Junior High soccer team ended their regular season with a 3-1 victory over Pope John Paul in

Slidell.

Jason Rieben, John Rich, Kyle Kidd and Antonio Navarro each contributed an assist in the win. The Rocks drew first blood early in the first half and extended their lead prior to the

break. Leading 2-0, the offense struck again in the second stanza on a penalty kick after Gagnon was taken down in the box.

Also contributing on the attacking end of the field was Rimmer Covington.

Defensive leaders for the Rocks were Nick Middleton in goal, Brandon Everett, Chris Genin, Chad Ourso, and Edward Flores.

"The defense did an exceptional job in shutting down their attacks. They defeated us earlier in the year by the same score at our place so it was good to return the favor. Ourso probably played his best game of the year, and Middleton, Everett, Genin, and Flores were their same dependable selves."

"Offensively, we worked the ball well. Gagnon did an excellent job of crossing and following up. Navarro also had a banner day. Rieben, Rich, Kidd, and Covington each pressured the other team's goal and kept their defense on their heels."

"It's good to end the season with a win. I enjoyed working with this group, and I look forward to next year. We will have some talented players returning, and I'm expecting some strong players to come in."

"I wish those that are moving up the best of luck, and I'm sure we will all see some impressive things from them in the future," as stated by Coach Andy Kivlan.

Tigers split with Crusaders

Haley scores double-double in first game back

BY JOSEPH W. GEX II

The Bay High Tigers split two games with the Mercy Cross Crusaders in Bay St. Louis on Saturday night in high school basketball action.

The Lady Tigers got back on the winning track with a 64-38 thrashing of the Lady Crusaders.

Bay High jumped out to a 29-16 halftime lead. The Lady Tigers used a 25-12 fourth period to surge ahead of the Lady Crusaders.

Valerie Christmas scored a game high 30 points for the Lady Tigers to go along with 11

rebounds. Chanda Haley added 15 points, 13 rebounds and 6 assists in her first game back after an injury. Shannon Baker dished out 10 assists in the win.

In boys action, the Tigers were romped 86-39. Mercy Cross surged ahead in the second period with a 33-10 performance. The halftime score was 49-21. The third period wasn't any easier as the Crusaders put up 21 points to the Tigers' 8 points.

Greg Miller and David Pilger each scored 13 points for the Crusaders. Patris Gordon and Brad Bellman added 10 points each in the win. Pilger dished 8

assists for the Crusaders. Bay High was led by Luke Weems who scored 16 points.

Pearl River records big win over rival Gulf Coast

Pearl River Community College seems to be making another stretch run.

After falling to nationally-ranked Jones by just four points, the Wildcats have reeled off two straight South Division victories.

The latest was a 12-point decision over rival Mississippi Gulf Coast Community College on the Bulldogs' home court. Earlier in the week, the Wildcats eased by Hinds 97-85.

"The 71-59 victory over Perk is probably the Wildcats' biggest victory ever over Gulf Coast's long-time coach Bob Weathers," said Larry Stanford, PRCC's sports information director.

"I know it's the biggest point spread in the Bulldogs' backyard," said Stanford.

Weathers, whose record is 739-262, has coached 35 years at Mississippi Gulf Coast. Thursday's game was number 1,001 for him.

Pearl River improved to 5-4 in the division and 13-8 overall. The Bulldogs fell to 4-5 in the south and 10-10 overall.

"We had good, solid team effort," said Richard Mathis, head coach of the Wildcats.

"I thought our defense played a good 40 minutes," said Mathis. "We held them scoreless for almost 10 minutes of the first half."

Mathis said he used a zone and match-up defenses and that held the Bulldogs off in the second half.

"Offensively we stayed in control," said Mathis. "We used the clock perfectly."

The Bulldogs had a hard time guarding PRCC center Donnie Johnson, a freshman from Selma, Ala. Johnson scored 22 points.

Sophomore Conley Verdun, the team's leading scorer, had his usual 24 points.

Against Hinds, Verdun scored 30 points, which included seven straight three-point baskets.

Mathis also complimented Larry Bridges, Jason Hutchins and Jimmy Cuyler. "They gave us quality time," said Mathis. Cuyler had 17 points on the night.

The Wildcats were scheduled to play East Central at home Monday and Southwest in Poplarville Thursday, Feb. 2. The final regular season game is against Co-Lin in Wesson on Monday, Feb. 6.

A sweep of the next three opponents could put the Wildcats in second place in the division tournament.

The remaining Wildcat games are carried live over radio station WLUN-FM 95.3.

Rocks wash away Warriors 52-49

BY JOSEPH W. GEX II

The St. Stanislaus Rock-achaw basketball team extended its winning streak to four games on Friday night with a 52-49 win over the visiting d'Iberville Warriors.

In JV action, the Rocks stomped the Warriors 70-23. The Rocks held a 45-5 halftime lead. The Warriors did not reach double digits until there was :41 seconds to go in the third period.

Clay Williams led the Rocks with 18 points, 7 rebounds, and 4 dunks. Matt Roth scored 16 points, pulled down 16 rebounds and had three steals. Chris McQueen nailed 12 points all coming off 3's. He also dished out 10 assists and had 4

steals. Corrye Gex and Mike Magee each had 6 points while Liam Fitzpatrick added 5 points in the win.

Coach Jerry Spell added, "Jay Lea played an outstanding game for us on defense. Matt Roth had an all-around game that opened up other things for us."

With the win, the JV Rocks improve to 14-4 on the season.

In varsity action, the Rocks narrowly squeaked by the Warriors with a 52-49 win. Vince "The Iceman" Moran nailed two free throws with :11 clicks left to seal the victory.

The Rocks opened with a 16-8 first period lead. However, the Warriors made it close by half-

time cutting the Rocks' lead to 27-25 by the intermission.

The Rocks extended their lead in the third to 43-36 behind a balanced attack in the third.

The Warriors went about four minutes without scoring and the Rocks hit a slump of their own.

The Warriors went on a 8-2 run late in the fourth to put the Rocks up by only one.

With :11 seconds to go in the game, the Warriors fouled Vince Moran. He went to the line and iced both shots to seal the victory.

Vince Moran led the Rocks with 13 points, 4 assists, and 3 steals. David "Big Mac" McGuinness hit three 3's scoring 11 points and had 4 steals on the night. Nate Middleton poured in 9 points and dished out 5 assists. Kyle Whitman played a strong game with 8 points and 4 rebounds.

Coach Jay Ladner commented, "I would rather play poorly and win, than to play good and lose. Give d'Iberville credit, they came and played scrappy. They took away our inside game. Kyle Whitman came in and played a good game for us. He hit some clutch baskets for us."

With the win, the Rocks improve to 18-9 on the season and 8-3 in the division.

FISHIN' Y'ALL

By Jim Maness

Gill nets and surf boards

It's time to go fishin' y'all. Well fishin' buddies, there is only one word the Turtle has to say about the fishin' weather last week—baa, humbug, foie.

A trip to the Cedar Point area showed only a few brave souls out fishing. One of those brave souls was Wallace Jeanfreau. Wallace said this was his day off, and he was gonna go fishing no matter what.

He works at Casino Magic and said he has seen people catch nice bream in the harbor right next to the casino, so nothing was gonna stop him from getting a mess of bream on his day off.

The next person I talked to in the Cedar Point area was a young man by the name of Philip Ladner, age 5. Philip was not very talkative as he was busy concentrating on his fishing. He did promise to call me and let me know the length and weight of any giant bluefin tuna sharks he caught in the area.

Reports coming in from the Bayou Caddy area, Pipeline Canal, and the Jourdan River, indicate the saltwater scene is kinda' slow.

Over in the Gulfport Small Craft Harbor, Wally, of the Harbor Shop, said to pass on to the

fishing buddies that this is a good time to buy boats. He said he has had bunches of folks come in looking on his bulletin board to see what's for sale. He claims folks looking to buy are getting good deals right now. The reason being boat owners are faced with either spending money to fix up their rig for spring time, or they are looking to unload their rigs.

The other shop I checked out in the Small Craft Harbor was Chuck's Bait Shop. Ralph, of Chuck's, said they are still catching some trout around the Copa. Snapper are still being caught by the deep rigs when you can get out.

One boat called the Tuna Sea, came in with their seven-person limit of 35 snapper and two lemon fish. By the way, it is quite unusual to find lemon fish this time of year.

Ralph also reports bunches of five- to six-pound sail top catfish are being caught.

The Turtle has to add: Don't forget to pet Pankie the bait dog when you go into chuck's Bait Shop.

We have a lot of folks visiting us from up in Yankee land right now. I gotta pass on to all of our visitors that reports are coming

in that you can catch all of the blue fish you want right now out by the oil rigs.

Since the offshore water is reported a "little" rough lately with seas of five to seven feet, I am reliably informed that most charter boat captains will not charge you extra if you decide to go surf boarding out by the rigs.

The only catch is, they do not guarantee your safe return if you do decide to surfboard back to the dock.

The DMR Commission passed a gill net ordinance at its last meeting.

Here is the unofficial proposed ordinance:

A. From 6 a.m. to 6 p.m. no gill and trammel nets shall be set within one-half mile of the shoreline or any manmade structure attached to the shoreline from Bayou Caddy in Hancock County to Marsh Point in Ocean Springs in Jackson County.

B. Same as A, except between 6 p.m. and 6 a.m. no net shall be set within one-quarter mile of structures or the shoreline between the two points in A.

C. It shall be unlawful for any person, etc., to possess fish in, or in contact with, any gill or

trammel net in a boat in the marine waters of Mississippi in the St. Louis Bay north of the CSX Railroad Bridge; in the Biloxi Bay north of a line drawn between Marsh Point and Grand Bayou; in Pascagoula Bay north of the CSX Railroad Bridge.

D. It shall be unlawful to set or use a gill or trammel net in Mississippi waters, or possess fish in, or in contact with, a gill or trammel net, between 6 a.m. and 6 p.m. on Saturdays or Sundays or on legal holidays as established by law.

E. No gill or trammel net shall be set within 1/4 mile of another gill or trammel net.

F. Gill and trammel nets must be attended at all times at a distance of no greater than 100 feet from the net.

G. On or before Jan. 1, 1997 all gill and trammel nets must be constructed of an approved biodegradable material.

This week's wonderful wise words: Wear a BIG life jacket if you intend to surfboard back home from the oil rigs.

Where are the Philadelphia lawyers, Turtle?

MDWFP seeks public input on fishing changes

The Mississippi Department of Wildlife, Fisheries and Parks is asking the public for input on proposed changes in fishing rules and regulations.

The changes, which were proposed by the Commission on Wildlife, Fisheries and Parks at their Jan. 26 meeting in Jackson, include the closings of some lakes for renovation, a decreased boating permit and new slot limits, among other things.

"From the department's standpoint all the changes are positive in the fact that they will enhance Mississippians' fishing opportunities," said Ron Garavelli, MDWFP chief of fisheries.

"Our goal now is to get the public to tell us how they feel about the proposed changes so that we can act accordingly."

The proposed changes are:
* A new annual permit for pleasure boating will be offered to the boating public at the cost of \$100. A \$7 fee will be charged for daily pleasure boat permits in designated areas on state lakes. This is a \$3 decrease from the former \$10 fee.

* Tom Bailey State Lake will now be open for pleasure boating on Tuesdays, Thursdays and Sundays.

* The taking of fish with a treble or multiple hooks larger than #2 will be illegal in the following waters: Arkabutla, Sardis, Enid, Grenada, Ross Barnett, Muddy Bayou and Okatibbee spillways from spillway outlet to end of rip rap. Any fish taken with a size 2 or smaller treble hook will now be legal.

* The following devices no longer have to be identified or tagged: trotlines, throwlines, set hooks, limblines, yo-yo's or free floating devices (jugs).

* The portion of the Ross Barnett Reservoir known as Pelahatchie Bay will be closed to fishing with trotlines and or throw lines, set hooks and or limb lines, jugs and yo-yo's.

* Due to repairs and renovations by the MDWFP, fishing will be closed on Bolivar County State Fishing Lake and Lake Ross Barnett State Fishing Lake in Smith County until amended.

* The minimum length limit on Tom Bailey and Bogue Homa State Fishing Lakes is now 15 inches.

* Clarkco State Park lake will open for fishing June 1, 1995 with a bass creel limit of five.

* Harvesting of bass will not be allowed on Leroy Percy State Park Lake this year.

* A 14-inch to 18-inch slot limit will be imposed on Columbus Lake, Kemper County Lake, Percy Quinn State Park Lake, Bay Springs Reservoir and Paul B. Johnson State Park Lake.

* Leroy Percy and Clarkco State Park Lakes will have Bluegill creel limit of 25.
* The statewide limit on Flathead catfish has been changed. Between May 1 and July 15 anglers can not keep no more than two flathead catfish under 25 inches with a daily limit of 5.

Pirates steal two from Hawks

BY JOSEPH W. GEX II
The Pass Christian Pirates swept two games from the Hancock Hawks on Friday night in high school basketball action.

In girls action, the Lady Pirates defeated the Lady Hawks by four 57-53.

The Lady Pirates jumped out to a 28-24 lead at halftime. That proved to be the difference. The Pirates outscored the Hawks 12-4 in the third period, and the Hawks outran the Pirates 25-17 in the final period.

Mandy Theobald led all scorers with 23 points. Michelle Bowser added 12 points, and Jessica Oldenburg canned 10 points in the win.

Chastity Head led the Hawks with 19 points, while Brandi

Favre added 11 points. Christy Arcement contributed 10 points for the Lady Hawks.

In boys action, the Pirates routed the visiting Hawks 87-41.

The game had a very ominous beginning as the Pirates jumped out to an early 32-4 first period lead. The score at halftime was 46-16.

Wayne Dedeaux scored 19 points and had five steals to lead the Pirates. Willie James scored 15 points and pulled down 13 boards in the win.

Hancock was led by Brian Cuevas and Jarod Breaux with 9 points each.

With the win the Pirates improve to 10-12 on the season.

Top high school vocational students compete at PRCC

More than 200 high school vocational-technical students from the Mississippi Gulf Coast to Prentiss will test their skills during the District 5 competition of the Vocational-Industrial Clubs of America (VICA) at Pearl River Community College Friday, Feb. 3.

PRCC hosts the competition each year for participating high

schools in the college's six-county district and from counties along the Gulf Coast. The competing students are enrolled in vocational-technical courses at their respective high schools.

"This is always an exciting event because it brings the best and the brightest high school vocational students to our cam-

pus," said Don Welsh, PRCC vocational-technical director.

The students will compete in vocational and technical subjects, such as architectural drafting electronics, automotive mechanics, carpentry, welding and machine shop.

Some students will also compete in a skills competition, which includes contests in reciting a prepared speech and job

interview.

Winners will qualify for the state VICA competition.

Registration is at 8 a.m. Leadership contests begin at 9 a.m. and skills competition starts at 11 a.m. Judging is from 2 to 3 p.m., and the awards presentation begins at 3 p.m. in Moody Hall Auditorium.

Hawks split with Bearcats

BY JOSEPH W. GEX II
The Hancock High Hawks split two games with the Long Beach Bearcats in Division 8 high school basketball action on Tuesday night at Long Beach.

In girls action, the Lady Hawks defeated the Bearkittens by the score of 67-64.

The game was a close one to the end. Hancock had a slight 30-28 lead at halftime. In the second half it was a nip-and-tuck ballgame as Hancock edged out the three-point victory.

Chastity Head poured in 19 points off four three-pointers. Brandi Favre chipped in 15 points for the Lady Hawks.

In boys action, the Hawks fell victim to the Bearcats 80-43.

The Bearcats shut out the Hawks in the first period 20-0 and extended that lead to 40-13 by halftime. The Hawks never really challenged the Bearcats in the second half.

Josh Francis led the Hawks with 15 points.

Tigers drop two to Yellow Jackets

BY JOSEPH W. GEX II
The Bay High Tigers dropped two divisional games to the St. Martin Yellow Jackets on Tuesday night in St. Martin.

In girls action, the Lady Tigers lost a squeaker to the Lady Yellow Jackets by the score of 39-38.

The lead swapped continuously in the first half with Bay High having a 18-17 edge at the intermission. St. Martin used a 15-8 fourth period to seal the victory.

Chanda Haley led the Lady Tigers with a game high 17 points. Lisa Yarborough chipped in 10 points in the loss.

In boys action, the Tigers dropped a district game to the Yellow Jackets by the score of 70-21.

The Yellow Jackets jumped out to a 28-5 first period lead and extended that to 38-7 by halftime. The Tigers scored in double figures only in the fourth period and never challenged the Yellow Jackets.

The high scorer for the Tigers was Luke Weems with 7 points.

The Tigers will travel to the Brother Peter Memorial Gym at St. Stanislaus for a district game this Friday.

David McGuinness; seventh grader Mylon Labat, son of Mr. and Mrs. Myron Labat of Bay St. Louis; and sophomore Matt Dillenkoffer, son of Mr. and Mrs. Jacob Dillenkoffer of Bay St. Louis. The Student of the Month is sponsored by the Pepsi Cola Company. Students are selected on the basis of performance, effort, people skills and initiative.

Rocks dominate PRC 92-53

BY JOSEPH W. GEX II
The St. Stanislaus Rock-chaw basketball team extended its winning streak to 5 games with a 92-53 defeat of Pearl River Central.

In JV action, the Rocks crushed the Blue Devils 80-34 behind the hot hands of Matt Roth and Correy Gex.

The first period saw SSC jump out to a 31-9 lead and never look back. The score 46-17 at halftime with the game in the firm grasp of Coach Jerry Spell and his players.

Correy Gex and Matt Roth each scored 21 points to lead the Rocks and all scorers. Gex made all of the Rocks' three-point shots. Chris McQueen tallied 6 assists and 3 steals in the win. Clay Williams added 14 points, 7 boards, and 5 steals.

The JV record now improves to 15-4 overall.

In varsity action, the Rocks improved to 19-9 and 9-3 in the district with a dominating performance over the Pearl River Central Blue Devils.

The Rocks jumped out to a 24-14 lead in the first period and extended the lead to 53-16 by halftime. The Rocks never looked back in the second half.

Coach Jay Ladner stated, "It was a good win for us. We were able to play a lot of players tonight and it gave our young guys some game experience."

Terry Lawyer led the Rocks and all scorers with 26 points and 11 rebounds. Brandon Benoit added 15 points and 5 steals. Other double figure scorers were Brian Thigpen with 14 points and Vince Moran with 12 points and 4 assists. Nathan

Middleton and David McGuinness each added 7 points and 4 assists. A total of 10 Rock players scored in the contest.

The Rocks will host the Bay High Tigers in a battle for bragging rights in Bay St. Louis on Friday night.

U-12 Hurricanes take Coast by storm

BY JOSEPH W. GEX II
The girls U-12 Bay Hurricanes have been taking the Coast by storm, literally.

On January 7, the Bay Hurricanes shut out Gulfport by the score of 4-0. Scoring for the Hurricanes were Ashlee Storey with 2 goals and Katie DiBenedetto with 2 goals.

On January 21, the Bay Hur-

ricanes beat Orange Grove 3-1. Scoring in the game was Ashlee Storey, Kate DiBenedetto and Sara Carter with one goal each.

On January 28, the Bay Hurricanes defeated Long Beach 4-1. Ashley Chrisman scored two goals, and Sky Thomas and Sara Carter scored one goal each.
